EXCELLENCE

IDEAL FOR

Positive Character, Positive Returns

The Professional Academy in Character Excellence (PACE) is a unique initiative that draws on educational best practices to build essential character skills in the workplace. Grounded in the belief that who we hire and how we develop them determines organizational success, PACE equips leaders with the human-centered competencies today's workplaces urgently need.

Curriculum & Core Topics

Intention: To build essential character skills, such as resilience, empathy, accountability, and integrity, that strengthen workplace culture and employee effectiveness.

Overview: Developed by CharacterPlus, PACE is a multi-session professional learning experience that equips employees and leaders with practical tools to improve relationships, decision-making, and performance.

Outcome: Participants develop stronger interpersonal and leadership skills, leading to improved collaboration, reduced conflict, and increased employee retention.
